WELCOME TO  
CONCORDIA!

# PRESIDENT'S WELCOME MESSAGE

Welcome to Concordia University of Edmonton. I am so pleased that you have elected to study at our amazing university. You have made the right decision.

You will always remember your first few days and weeks as a university student. When you look back you will think of this time as being fun and exciting as you make new friends, meet your professors, become involved in our range of extra-curricular student activities, and learn to navigate the life of a university student both on and off campus.

Many of you will also be a little nervous, wondering if you have what it takes to be a successful university student. Let me assure you that you most certainly do. Your success to this point, and the fact that you have been admitted to CUE, tells me that you will continue to be successful. You will find your classes to be challenging but engaging, and our faculty and staff are here to work with you and support you every step of the way. We are successful when you are successful.

I encourage you to participate in as many aspects of campus life as your time and energy will allow. Your studies are your highest priority, but there is also scope to involve yourself in athletics, musical groups, drama, wellness activities, special research seminars, student government, and a wide range of student clubs. You might also want to consider spending a semester studying overseas at one of our over 50 international partner institutions. Concordia is overflowing with opportunities for those who want to make the most of their time at university.

I look forward to meeting each of you this year. I am frequently out of my office and walking around campus, so please feel free to approach me and introduce yourself. We might even be able to find some time to chat over coffee.

Wishing you every success,

**Tim Loreman**

## HOUSING

Life in residence can be one of the most memorable aspects of a post-secondary education. Creating lifelong friendships and memories, enjoying residence community events, not having to cook your own meals, and the day-to-day convenience of living on campus are only a few of the many benefits of living on campus.

The purpose of Concordia University of Edmonton's residence life program is to provide a total education experience. Our approach is that students will be enthusiastic about learning and living in a close community and will demonstrate the respect, cooperation, and concern for others which make a caring community possible.

Some of the opportunities and benefits of living in residence include:

- Your home away from home - All the amenities of home can be found in our residences.
- Short commute - The daily commute to class is less than 5 minutes of walking.
- Support networks - Created by The Resident Life Coordinator, Resident Assistants, fellow residents, and living in the heart of campus.
- Opportunities for growth - Through events, becoming more involved on campus, living on your own, and having access to a variety of study spaces on campus.
- Security - Our residences are locked 24/7 and have at least one Resident Assistant living in them, plus Campus Security is available to respond to safety issues as they arise.

### What is the Student-for-a-Day Program?

Student for a Day offers prospective high school students a chance to experience a day-in-the-life of you - a CUE student! We'll match an interested student with you based on similar academic interests. You'll take them to your classes, introduce them to friends and professors, show them around a bit, and we'll pay for both of your lunches in the cafeteria.

### **Campus Worship**

- The private prayer chapel, across from the main entrance in Schwermann Hall, is for the use of all students and staff for private prayer and meditations.
- Watch for special events, presentations, and guest speakers throughout the year!

## **FOOD BANK**

University is often hard enough without having to worry about where your next meal is coming from. If you find yourself short of resources to purchase food, let the Concordia University of Edmonton's Food Bank be a resource to provide temporary assistance to students struggling to feed themselves.

The food is made possible through donors and the efforts of our student volunteers who work to keep the food bank stocked and organized. The Concordia University of Edmonton Food Bank is located in room A202, Alumni Hall.

The Concordia University of Edmonton Food Banks runs on an anonymous basis and students make use it as needed and without question. Please visit the following website for more info and additional options:

## **CAMPUS SECURITY**

### **ON CALL 24 HOURS A DAY**

**+1 780 479 8761 | 5555** from an internal phone

**[concordia.ab.ca/campus-services/security](http://concordia.ab.ca/campus-services/security)**

Security staff are not police officers, consequently, they do not have the same authorities or powers. The role of the security staff is to:

1. Provide information and general assistance to the campus community.
2. Patrol and monitor the campus for security and safety issues.
3. Report suspicious, hazardous, or inappropriate conditions or activities to the proper authority.
4. Log all unusual incidents for future reference.
5. Control and monitor building and restricted area access.
6. Provide emergency first aid service.
7. Expedite, assist, and supplement the services of external emergency response agencies.

### **First Aid**

For injury or illness on campus, immediately contact Security. All security personnel are trained in first aid response and have access to a first aid recovery room. Concordia has two AED's, one located in the Tegler Centre the other in the Ralph King Athletic Centre.

### **Protect Yourself and Your Belongings**

- Never leave your valuables, laptop, tablet, smart phone, package, purse, or wallet unattended. That quick walk to the cafeteria or washroom is all the time it takes to lose your valuables.
- Always keep expensive items on your person. Lockers and cars are easily broken into. Better yet, don't bring these articles to campus unless absolutely necessary.
- Always lock your vehicles and store valuables in the trunk or out of sight.
- Lock bicycles with a good quality lock.
- Become familiar with people who have lockers in your area.
- Keep your locker combinations to yourself.
- Walk with a friend or call Campus Security to escort you when leaving campus buildings late at night.
- Know your surroundings and keep in mind the potential dangers

# CAMPUS LIFE

## **BEHAVIOURAL SUPPORT & INTERVENTION TEAM**

Concordia's Behavioural Support and Intervention Team (BSIT) works to maintain a healthy and safe campus environment by responding to students who may be struggling. The team's function is to receive reports about individuals exhibiting troubling behaviours, to assemble information from across campus departments, and to determine appropriate responses.

Every individual in the Concordia community of students, faculty, and staff members shares a responsibility for observing and reporting endangering behaviours. You are doing the right thing in reporting your concerns, both to help the individual whose behaviour is problematic and to protect the safety of the campus. By alerting the appropriate campus representatives you are not making a determination but empowering BSIT to intervene in order to assist the individual and protect the campus

### **Recognizing Persons in Distress**

- Troubling Behaviour causes us to feel alarmed, upset, or worried for a person's well-being
- Threatening Behaviour leaves us feeling frightened and in fear for our safety or that of others

### **Endangering Behaviours**

- Attempted suicide or expression of suicidal intent
- Self-injurious behaviour, which are deliberate acts or expressions of intent to harm one's body.
- Verbal or written threats to people or property
- Behaviour that is odd, eccentric, dramatic, erratic, or anxious
- Alcohol and drug abuse, among others

### **If you feel an immediate threat of self-harm or harm to others:**

Call the Edmonton Police at 911 and call Campus Security at +1 780 479 8761

### **If there is no immediate threat of self-harm or harm to others:**

Submit a BSIT Incident Report Form from Student & Enrolment Services, Plant Operations, Counselling Services, and Human Resources offices or find online: [concordia.ab.ca/campus-services/security/behavioural-support-and-intervention-team](https://concordia.ab.ca/campus-services/security/behavioural-support-and-intervention-team)
