

3-Year Bachelor of Science Biology

Program Planner 2014-2015

While your degree planning is directed by the specific requirements for your chosen concentration and minor, it is also driven by your own personal interests; therefore, it is most effective when you are the master of your own academic planning.

Please be aware of all prerequisites, corequisites, and other registration regulations for all courses required within your degree. Program planning can be very effective to identify potential courses needed in addition to specific requirements. Refer to section 4.0 in the *Concordia Calendar* for more information regarding registration policies. You are responsible for registering in and completing the courses necessary to obtain your degree. The *Concordia Calendar* is the final authority regarding program requirements and academic regulations.

Core course requirements may be fulfilled through both concentration and minor requirements; however, the same course may not be counted toward both concentration and minor requirements. (Example: courses taken toward a History minor simultaneously fulfill Social Science core).

Concentration Requirements

27-30 credits required to include:

- a) BES 107 and 108
- b) BIO 227
- c) 18-21 credits of unspecified Biology, with at least 3 credits at the 400 level.

In addition to the above courses, students must complete:

- d) 6 credits in Chemistry (normally taken in the first year)
- e) BIOCH 200
- f) MAT 151

Sample Program

Below is a sample sequence of courses for your degree. Keep in mind that this is only an example; you may find that a different sequence works best for you.

Note: the 3-year Bachelor of Science degree requires a minimum of 42 credits in Faculty of Science.

	Fall Semester	Winter Semester
Year 1	BES 108 or 107 CH 101† ENG 100 or 111 MAT 151 REL 101 or 150	BES 107 or 108 Elective ENG 100 or 112 MAT, CMPT, or IT Minor
Year 2	BIO 227 Senior BIO CH 261† Minor Social Science	Senior BIO Senior BIO Elective ENG or WRI REL
Year 3	BIOCH 200 Senior BIO 400-level BIO Minor Minor	Senior BIO Minor Minor REL Social Science

† prerequisite planning for BIOCH 200
