

4-Year Bachelor of Arts English-Enhanced

Program Planner 2014-2015

While your degree planning is directed by the specific requirements for your chosen major and minor, it is also driven by your own personal interests; therefore, it is most effective when you are the master of your own academic planning.

Please be aware of all prerequisites, corequisites, and other registration regulations for all courses required within your degree. Program planning can be very effective to identify potential courses needed in addition to specific requirements. Refer to section 4.0 in the *Concordia Calendar* for more information regarding registration policies. You are responsible for registering in and completing the courses necessary to obtain your degree. The *Concordia Calendar* is the final authority regarding program requirements and academic regulations.

Core course requirements may be fulfilled through both major and minor requirements; however, the same course may not be counted toward both major and minor requirements. (Example: courses taken toward a History minor simultaneously fulfill Social Science core).

Sample Program

Below is a sample sequence of courses for your degree. Keep in mind that this is only an example; you may find that a different sequence works best for you. Both sample programs meet the minimum requirements for the Basic and Enhanced programs.

Some English courses are not offered every year and that some electives may be required to fulfill additional English credits required for the major.

Major Requirements- Enhanced

54-60 credits required to include:

- a) ENG 100 or 111 and 112(ENG 100 is strongly recommended).
