

4-Year Bachelor of Arts General Studies

Program Planner 2018-2019

While your degree planning is directed by the specific requirements for your chosen concentration and minor, it is also driven by your own personal interests; therefore, it is most effective when you are the master of your own academic planning.

Please be aware of all prerequisites, corequisites, and other registration regulations for all courses required within your degree. Program planning can be very effective to identify potential courses needed in addition to specific requirements. Refer to [section 4.0](#) in the *Concordia University of Edmonton Calendar* for more information regarding registration policies.

You are also responsible for registering in and completing the courses necessary to obtain your degree as per [section 10.0](#). The *Concordia University of Edmonton Calendar* is the final authority regarding program requirements and academic regulations.

General Studies Major

This multidisciplinary program allows students to gain understanding and experience in more than one discipline without the requirement that the learning be integrated. Students would be able to select two or more concentrations for study, customizing their course selections to meet their own interests and career aspirations.

Students for the four-year Bachelor of Arts degree with a major in General Studies:

- a) must complete 2 concentrations from Concentration Requirements, section 10.2.2.C;
- b) the same courses may not be used in both concentrations.

Should you require further explanation, please contact a Registration Advisor about fulfilling degree requirements.

Sample Program

Below is a sample sequence of courses for your degree. Keep in mind that this is only an example; you may find a different sequence works best for you. Also note that not all courses can be offered every semester. So, please check our [Course Timetables](#) for course availability.
