

4-Year Bachelor of Science Environmental Science

Emphasis in Environmental Assessment and Remediation

Program Planner 2018-2019

While your degree planning is directed by the specific requirements for your chosen concentration and minor, it is also driven by your own personal interests; therefore, it is most effective when you are the master of your own academic planning.

Please be aware of all prerequisites, corequisites, and other registration regulations for all courses required within your degree. Program planning can be very effective to identify potential courses needed in addition to specific requirements. Refer to [section 4.0](#) in the *Concordia University of Edmonton Calendar* for more information regarding registration policies.

You are also responsible for registering in and completing the courses necessary to obtain your degree as per [section 10.0](#). The *Concordia University of Edmonton Calendar* is the final authority regarding program requirements and academic regulations.

Major Requirements

54-60 credits required, to include:

- a. BES 107 and 108
- b. ENSC 204 and 208
- c. ENSC 227
- d. ENSC 318 or 319
- e. 6 credits chosen from ENSC 215, 308, 339 or 415
- f. 6 credits chosen from ENSC 210, 220, 250 or 305
- g. 6 credits chosen from ENSC 346, 350 or 355
- h. ENSC 430
- i. ENSC 475 and 485
- j. ENSC 493 and 495
- k. 3-9 credits of unspecified 300-level or 400-level ENSC courses

In addition to the above courses, students must complete:

- l. CH 101 and 102
