

## Concordia University of Edmonton (CUE)

### Call for Center for Innovation and Applied Research (CIAR) Advisory Committee Nominations

CUE's Centre for Innovation and Applied Research (CIAR) Executive Committee has issued a call for qualified candidates to serve the CIAR Advisory Committee. The Executive Committee is seeking a total of 4 industry/community leaders and 5 CUE representatives (3 of which are members of the CIAR Executive Committee and 1 CUE student). These individuals will have a range of experience and skill sets to advise and assist with CIAR strategic vision planning and implementation, establishing policies and objectives and representing the CIAR within the Greater Edmonton community.

The Advisory Committee will include members who have knowledge and experience in one or more of the following areas: industry sponsored research, entrepreneurship, business incubation, global business acceleration, research commercialization, customized training, and community engagement.

These volunteer positions will have an initial appointment of 1 year with the possibility of renewal.

Advisory Committee meetings will occur twice per year at CIAR. Potential start date will be September 1, 2019.

**The deadline for nominations, including self-nominations, is April 30, 2019. Please send a copy of the nominee's CV and a letter of interest to [isha.katyal@concordia.ab.ca](mailto:isha.katyal@concordia.ab.ca)**

#### **About Concordia University of Edmonton (CUE):**

CUE is a dynamic and forward thinking university. Its 98-year history makes it one of the oldest post-secondary institutions in the province of Alberta. Building on a rich tradition of excellence, CUE is dedicated to becoming Canada's pre-eminent small university: A responsive and nimble institution, connected to the community, and dedicated to applied research and innovation that has impact.

#### **About the CIAR:**

The mission of the CIAR is to advance industry and community interests by building and strengthening connections between CUE and external partners turning knowledge and ideas into solutions.

The CIAR provides a woven approach for connecting multi-departmental research activities to external stakeholders including project collaboration, research commercialization, and business incubation and accelerator services.
