

# KIRA MARIE DAWSON

STUDENT, MUSIC

## ENCHANTED

I am a music major at Concordia University of Edmonton, and this poster contains information about my capstone project, which was a senior voice recital, titled Enchanted. This recital showcased all that I have accomplished in my four-year arts degree. Throughout this past year, I studied, rehearsed, prepared, and performed fifteen classical songs with a piano accompanist in front of an audience. The recital was approximately an hour long. Alongside the physical voice work, I also had to research songs and composers to create programs, posters, and web events. This project was the culmination of my university music education.
