October 5th marks the start of HPV awareness week! Did you know that CUE recently added coverage for the HPV vaccine to both the student and employee health plans? Wondering how this vaccine can benefit you? HPV infection is one of the **top 6 preventable risk factors** of cancer in Canada. An estimated **3 out of 4 sexually active Canadians** will have at least one **HPV infection** in their lifetime and HPV increases your risk of more than **6 different cancers** and diseases – some of which you can help **prevent by getting vaccinated**.

Contact your health care and health plan provider for more details!

Remote Work in Canada's Oil and Gas Extraction Sector Under Surveillance

Presenter: Dr. Marcella Siqueira Cassiano
Friday, October 30, 2020, 4 – 5 pm

To join, please click | <https://meet.google.com/xxm-brnj-mwn>

Dr. Marcella Siqueira Cassiano is a Lecturer in Sociology at the Concordia University of Edmonton and the University of Alberta. Marcella holds a PhD in Sociology from the University of Alberta and a master's degree from Shandong University in China. Her research projects focus on population governance, particularly the policies, practices, and technologies that manufacture social conformity and regulate populations in the contexts of work and migration.

In her Talk, Marcella will present the most popular workplace surveillance practices in the workcamps of Alberta's oil sands region, and discuss their consequences from the perspective of employers and employees.
