

Concordia College Guild

The students of Concordia College express their thanks to the Concordia College Guild for the invaluable assistance they have provided to us.

Their stated goals are:

- To create and develop a greater interest in Concordia College as an institution of Christian higher learning;
- To provide hospitality and other services to Concordia College;
- To give financial assistance to any special objectives for the welfare of the students of Concordia College.

These goals have been carried out in a practical way through several projects. In addition to cash donations made to the Guild from ladies' groups, parents and other individuals, a major source for funding their projects has been the Annual Flea Market and Garage Sale. Profits from this sale have allowed them to make some major student lounge improvements, which included new furniture for two girls' dormitories and the boys' dorm.

Another project which students have enjoyed is the Birthday Cake Project. Parents of dormitory students may order home-baked birthday cakes to be delivered on their son's or daughter's birthday. The ladies also host the reception luncheons at Open House in August and Graduation ceremonies in May. A significant contribution to the graduates and Concordia College was the graduation gown appeal conducted by the ladies. One hundred gowns were purchased which continue to effect a great savings to the college annually. Many hours of volunteer work also have been donated to the library and the Development Office.

We pray for continued success on the efforts of these dedicated workers for our college.

Bruce Braham and Mrs. Louise Riep.

Bruce receives the first Birthday Cake from the Concordia Guild.
