Call for Scholarship Applicants: Dave Donley Memorial Scholarship

The family of former Tetra Tech employee Dave Donley, Jr., has established a memorial scholarship for Canadian post-secondary information technology (IT) and computer studies students.

The Dave Donley Memorial Scholarship is accepting applications through April 30, 2021.

Dave was a valued member of Tetra Tech's IT team from 2010 until his death in 2016 at age 32. Dave's family wishes to honor his legacy by

supporting students who exhibit the same qualities that Dave was known for—a passion for technology, strong problem solving and creative thinking abilities, and enthusiasm for helping others.

Dave was known on Tetra Tech's IT team for his ability to solve even the most challenging problems, working on network support, configuration, and performance improvement and design and management of backup and daily IT operations. "You literally had to point him in the direction of a problem, and no matter how complex it was, he could solve it," one colleague said. Another characterized him as "a leader of the best sort... [who] motivated his team by his enthusiasm, commitment, and energy."

The Dave Donley Memorial Scholarship is open to all Canadian post-secondary students who have been accepted to or are attending a post-secondary institution in Canada in an IT or computer studies program. Students can be enrolled in any year of study at a university, college, or technical school. Tetra Tech employees and their children in Canada are eligible to apply, but affiliation with Tetra Tech is not required.

Applications are due April 30, 2021. [View the scholarship fact sheet](#) and [download the application form](#).

Now Recruiting Students for the Peer Wellness & Support Team 2021/22

Peer Wellness & Support student volunteers offer a variety of events, activities, campaigns, workshops, supportive listening and other exciting initiatives throughout the year focused on wellness. Peer Wellness & Support Team members are expected to commit to **5 hours per week** to participate in campus mental health and wellness initiatives during the fall 2021 and winter 2022 semesters. Team members will receive about **70 hours of training** throughout the summer and then have the opportunity to specialize in one or more pillars of wellness such as:

Food & Nutrition
Social & Mental Wellness
Alcohol & Drug Awareness
Sexual Health & Sexual Violence Prevention
Active Living & Physical Activity
Social Media & Website
Peer Supportive Listening

Based on areas of interest, responsibilities may include: developing and/or facilitating workshops; creating displays, resources or writing articles on various wellness topics; organizing events and campaigns; creating and managing content on Peer Wellness & Support social media platforms and CUE Wellness google site; graphic design; supportive listening; policy development; etc.

Benefits of being part of the Peer Wellness & Support Team include: (1) real life skills, training and practical experience, (2) a boost to your Co-Curricular Record, resumé and potential grad application, (3) additional training opportunities in the fields of mental health and health promotion.

To apply...

Fill out the online application [here](#)

Selected students will be invited to an in-depth conversation about their suitability, availability and commitment to the program. Successful applicants will be required to get a Vulnerable Sector Police Information Check (cost reimbursed). **Recruitment closes April 30th.**

Repaying Your Student Loans

Repayment is the process of returning the money you have borrowed to the student loan lenders, which includes the principal amount of the loan plus interest.

When does repayment begin?

Repayment begins when you graduate or leave school for more than six months or are no longer a full-time student.

6-Month Non-Repayment Period: After you leave school, a six-month non-repayment period starts. During this period, you are not required to make any payments. You can, however, choose to make payments during this period. After the 6-month period ends, you will start repayment.

What am I responsible for?

You are responsible for repaying your loan & associated interest according to the terms of your loan agreement, and notifying your student loan provider if you:

- Change your name, address, banking information, or phone number
- Change from full-time to part-time studies or vice versa
- Leave or transfer to another school

Create an online account with your student loan lender/s! This allows you the flexibility to access your student loan information at your convenience and update your contact information. It also gives you access to important communications and documents.

It is very important that when you go into repayment you make your full loan payment on time each month.

If you don't, you could end up in default, which has serious consequences and your credit rating may be affected. Student loans are real loans—just as real as car loans or mortgages. You have to pay back your student loans.

Tip: You can make “extra” payments towards your loan debt at any time!

The National Student Loans Service Centre (NSLSC) offers an online Repayment Presentation which is easy to access. We highly recommend watching it!
