Finance Emphasis

FINANCE

Program Overview

Concordia University of Edmonton's Bachelor of Management program is designed with a purpose: to be innovative and highly flexible, giving students the opportunity to complete a general management degree, while developing an emphasis in accounting, finance, human resources, leadership, marketing, conflict management or data management. Our program cultivates graduates with a combination of superior professional and technical competencies and effective management and leadership skills that will enable them to excel in any corporate, government, small business or industry environment.

Financial analysts and planners are experts at making recommendations to individuals and organizations best practices for achieving their financial goals.

Career Options

A Bachelor of Management degree allows you to explore a wide range of job opportunities upon graduation. You will be able to use your newfound research, analysis, and experimentation skills to forge your own career path. Some finance degree career paths include:

Bank Manager	Loans Manager
Financial Analyst	Mortgage Consultant
Financial Planner	Portfolio Manager
Insurance Manager	Securities Analyst
Investment Banker	

Admission Requirements

Interested? You'll need to present a 65% average, with a passing grade in the following required high school courses:

- English Language Arts 30-1
- Mathematics 30-1 or 30-2
- Three subjects from Group A, B, C or D

**Maximum of two subjects from Group B, each must be distinct. Maximum of one subject from Group D.*

Interesting Courses

FIN 220 - Personal Finance: How can students master the knowledge and tools needed to manage personal finances? This course will provide an explanation of concepts such as: estate planning, personal taxation, asset management, consumer loans, insurance, and investments. Emphasis is placed on the understanding and analysis of financial institutions and strategies.

FIN 320 - Investment Management: This course examines the fundamentals of investment and provides students with the tools that they require to conduct responsible decision making. The course covers the nature of investments, investment decisions, investment alternatives, investment funds, securities, markets, risk and return, capital market theory and instrument valuations including common stock and bonds.
