GETTING OUR S*%& TOGETHER WORKSHOP SERIES

Student Life and Learning is excited to bring you the Getting Our S*%& Together Workshop Series. We are focusing on mental health and academics with topics such as Perfectionism, Managing Stress, Handling Failure, and Attention.

This Workshop Series coincides with ADHD Awareness Month and starts just after World Mental Health Day (October 10th) - we are dedicated at CUE to breaking down stigma around mental health, so please join us for this opportunity to develop your skills and participate in important conversations.

- ⇒ Perfectionism: Thursday, October 14 at 2pm
- ⇒ Managing Stress & Overwhelm Tuesday, October 19 at 2pm
- ⇒ Handling Failure: Monday, October 25 at 11am
- ⇒ Attention: Monday, November 1 at 3pm

[Registration Form](#)

We need help!

we're studying the relationships among various sounds, narratives, and emotions

* online study * 225 CUE students accepted * takes about 30 minutes * could be fun! *

Compensation:

Internship Opportunities with the Faculty of Engineering and Mathematics at Bielefeld University of Applied Sciences (FH Bielefeld), Germany

Open to: Master's level students from the University of Alberta, MacEwan University, or Concordia University of Edmonton studying Chemistry, Agriculture, Biotechnology, Applied Biology, or Engineering

Applications: accepted on a rolling basis

Duration: from 3 months

With more than 10,000 students, FH Bielefeld University of Applied Sciences is the largest university of applied sciences in the region of OWL (East Westphalia-Lippe). Located in northwestern Germany, OWL is a region with an industrial focus, where business and science are closely connected. FH Bielefeld has study locations in Bielefeld, Minden and Gütersloh and is part of a vast network of regional, national and international contacts, partners and academic, economic, political and cultural cooperations. The university's paramount objective is to provide high quality teaching and research, supported by all its faculties: The Faculty of Design, Architecture and Technology (Minden Campus), Engineering and Mathematics, Social Sciences, Business and Health.

Students are welcome to apply for a research internship of at least 3 months with the Faculty of Engineering and Mathematics within the following research areas:

- Algae biotechnology
- Applied material sciences
- Biocatalysis
- Green synthesis
- Biofertilizers
- Biological pest control agents
- Biopolymers
- Digital/smart farming
- Ecofarming
- Nanotechnology
- Sustainable fashion

Working language will be English.

Please submit the following documents in a single PDF file:

- Letter of motivation
(max. 1 page, please state the desired starting date, duration and whether the internship is mandatory)
- CV in tabular form
- A copy of your transcript of records

For further questions, please contact Vanessa Schaut at vanessa.schaut@fh-bielefeld.de.

To submit an application, please contact the International Office of your institution. Please find the right contact person at <https://www.uni-bielefeld.de/internship-in-owl>

Please note: Due to the ongoing COVID-19 pandemic, internships can only be taken up if international mobility is allowed by the home and host universities and if there are no travel restrictions.

**Internship Opportunities
with the Center for Applied Data Science (CfADS)
at Bielefeld University of Applied Sciences (FH Bielefeld), Germany**

Open to:	Advanced Bachelors students or Master's level students from the University of Alberta, MacEwan University, NAIT or Concordia University of Edmonton studying Electronics, Engineering, Business and Economics, Logistics, Applied Data Science
Posting Date:	January 7, 2021
Applications:	accepted on a rolling basis
Duration:	from 3 months
Campus location:	Gütersloh

With more than 10,000 students, FH Bielefeld University of Applied Sciences is the largest university of applied sciences in the region of OWL (East Westphalia-Lippe). Located in northwestern Germany, OWL is a region with an industrial focus, where business and science are closely connected. FH Bielefeld has study locations in Bielefeld, Minden and Gütersloh and is part of a vast network of regional, national and international contacts, partners and academic, economic, political and cultural cooperations.

The Center for Applied Data Science (CfADS) research center on the Gütersloh campus provides a perfect research infrastructure with its own data analytics cluster as well as with its IoT-Factory.

Further information: <https://www.fh-bielefeld.de/iium/cfads/en>

Students are welcome to apply for an internship of at least 3 months with the Center for Applied Data Science within the following research areas:

- Industry 4.0
- Data Science
- Smart Production
- Logistics
- Digital Twin
- Process digitalization
- Process optimization
- Internet of Things (IoT)
- Machine Learning
- Big Data
- 3D printing
- Anomaly detection and prediction
- Prescriptive analytics
- Augmented reality

Working language will be English or German, if candidate knows German (but not necessarily required).

Please submit the following documents in a single PDF file:

- Letter of motivation
(max. 1 page, please state the desired starting date, duration and whether the internship is mandatory)
- CV in tabular form
- A copy of your transcript of records
