Follow-up Funding (Mandatory)					
Applications for research projects that will be deve			•	_	·/) -
What follow-up funding do you anticipate from this anticipated applications. Grant recipients are typica funding. If you do not intend to seek external fundi	ally expected to use funds				

Previous Funding (if applicable)		
If applicable, please describe any previous funding (internal or external) that you have received in the past three (3 funding you sought, including the funding agency, amount requested and date of application, and indicate if the ap		
Relationship to Other Research Support (if applicable)		
Has this application, or parts of it, been submitted to another competition?	Yes Yes	No No
Will this application, or parts of it, be submitted to another competition?		
If the same application, or a closely-related one, has been submitted to another sponsor and you obtain funding, you competition. However, if you receive both awards, you will have to decline one of the awards. CUE's Internal Researagencies, do not allow duplicate requests for funding. All applications for external funding must be reported to the	rch Grants	s program, and most grantin

PART TWO Project Information Summary of Proposed Research (Mandatory) Provide a concise, non-technical summary of the proposed research. Ensure the summary is appropriate for a multidisciplinary review committee. Briefly state the objectives of the proposed research project, importance and significance of this work, and key research questions of the project. **Detailed Description (Mandatory)** Provide a detailed description of the proposed research, expanding on the summary. Address the following areas: Context: Situate the proposed research in the context of relevant scholarly literature. Include up to 1 page of references as appendix. Originality: Explain the importance, originality, innovativeness, and anticipated contribution to knowledge of the proposed research. Theoretical approach: Describe the theoretical approach or conceptual framework. Methodology: Describe the proposed research strategies and key activities, including methodological approaches and procedures for data collection and analysis, which will be used to achieve the stated objectives. Justify the choice of methodology and explain the specific instruments or procedures to be used. Keep in mind that reviewers may not be familiar with your discipline or methodology. Provide sufficient information for a fair and thorough review of your proposal. Ongoing research: Explain the relationship/relevance of the proposed study to your ongoing research. CONTEXT

ORIGINALITY	
THEORETICAL APPROACH	
METHODOLOGY	

Research Plan and Timeline (Mandatory) Clearly describe the project activities (i.e. what/who will be involved, and when/where/how it will be done). Include a detailed timeline of activities to demonstrate the project's feasibility. Objectives should be clearly achievable within the timeframe of the grant.

Roles	and Responsibilities of Team (if applicable)	
If applic	able, describe the roles and responsibilities of team members.	
 .	eta d Outagens as (NAgen datama)	
Briefly o	escribe the project's expected outputs and potential outcomes and impacts. Outputs are the first set of short-term results (peer-reviewed	
publicat	ions, new data sets, etc.) and arise from the new insights gained (use of the research findings). Impacts are long-term outcomes or effects that	
	form of changed thinking and behaviors.	

Research Impact Plan (Mandatory)
Describe plans for communicating research results both within the academic community, and outside the academic community (practitioners, policy makers, agencies, general public, etc.). Describe the most effective ways to mobilize your research results (conference presentations, journal articles, online repositories, social media, oral histories, websites, performance, videos, exhibits, policy papers, reports, workshops, etc.).
Description of Student Training (if applicable)
Describe plans for training student research assistants, if applicable.
 Is the student research assistant a CUE student? Yes No If not, explain rationale for a non-CUE student. When will the student research assistant work? Fall Term Winter Term Spring-Summer Term The student RA will work hours per week for weeks.
Describe the tasks to be performed by the RA and estimate the number of hours it will take to perform each task.

	•	•	~	•	

The purpose and objectives of the proposed expenditures must be justified in the context of the research project. Explain why each expense item is necessary and required to conduct the research project. Provide as much information as possible and justify each budget item in terms of how it will help to achieve the project's goals. For personnel, indicate the rate of pay, hours, and briefly describe work undertaken. Refer to the guidelines for eligible and ineligible expenses. Add additional pages if necessary.

PART FOUR

Signatures and Approvals

Approvals are required from the Department Chair, Head or Director (as applicable) for the applicant and all co-applicants.

Applicant and Co-Applicants (if applicable) By signing, I verify that:

- I have read the research proposal and agree to participate as a member of the research team, as outlined above;
- I have the necessary time and resources to carry out the research work; and
- I agree to comply with CUE policies and procedures and the terms and conditions of this funding program.

Name of Principal Applicant	Signature	Date
Name(s) of Co-Applicant(s)	Signature(s)	Date

Department Chair (or Director) By signing, I verify that:

- I have read the research proposal and agree that the obligations can be fulfilled;
- the applicant and/or co-applicant(s) have the necessary time and resources to carry out the research work; and
- resources identified in the proposal will be available to complete the project.

Name of Department Chair	Signature	Date

Any attachments other than those described below will be removed from the application and will not be reviewed by the adjudication committee.
