HOW WILL I PAY FOR MY UNIVERSITY EDUCATION?

By attending university you are investing in your future. At the same time, that investment in your future comes with a price tag. You are likely to use numerous financial resources to make your university education come true. Some of these resources include:

Pay My Tuition – Your tuition is due on the first day of class each term. One month before classes begin, you can view your personal statement of account in Online Services for Students.

Be Prepared – Before putting your nose to the books, take time to make a budget for the upcoming academic year. Just like studying for exams, being financially prepared sets you up for success!

Visit our Financial Aid and Awards website to find out how your student loan can pay your tuition and for tips on creating a budget.

“I am grateful to Concordia University of Edmonton for awarding me with the University Entrance Scholarship. The best thing about this scholarship is it is renewable until your first degree is finished. The Entrance Scholarship enabled me to attend university full-time while focusing on my studies. With the help of this scholarship, I completed my 4-year Bachelor of Science at Concordia and was accepted into medical school. Now, I am completing my residency in Emergency Medicine in Victoria, B.C. I am grateful for Concordia’s scholarships.”
