"I've been able to form close relationships with my professors, who have supported me both personally and academically. CUE is my home away from home."

Kelton Libich

BACHELOR OF ARTS (3 YEAR)
GRADUATE, 2022

"I didn't want to be just another number. After spending 3 years at CUE, I can truly say I have connected and made lasting memories with multiple professors and students."

Dianne Stainthorp

BACHELOR OF EDUCATION
(AFTER DEGREE)
GRADUATE, 2020

"I was drawn to the hands-on, practical approach of CUE's BEd program. So many of the examples and practices I learned through my coursework I am actually using in my own classroom today."

CONCORDIA UNIVERSITY OF EDMONTON WAS BORN TO BE DIFFERENT.

Concordia University of Edmonton is more than an academic institution—we are a community of scholars, dreamers, and doers; people who aren’t afraid to lend a hand, to ask questions, to be bold, to make a difference.

For more than **100 YEARS,** we have gathered in the heart of Edmonton's Highlands and committed ourselves to creating independent thinkers, ethical leaders, and citizens for the common good.

We are a **BOUTIQUE UNIVERSITY,** small enough that every student is essential yet large enough for a global outlook.

In and out of our classrooms and lecture halls, we translate what we learn into extraordinary **HANDS-ON EXPERIENCES.**

We can sit in the back. But at CUE, someone will always **INVITE US TO THE FRONT.**

We are committed to fostering a **DIVERSE, EQUITABLE, AND INCLUSIVE** environment for work, study, and living.

Our ultimate goal has not changed since 1921: to create a community of active citizens, of **GOOD AND HONOURABLE PEOPLE.**

WELCOME TO CUE

Concordia University of Edmonton (CUE) is Canada's pre-eminent small university, with world-class research facilities, faculty who are leaders in their fields, and outstanding supports for students.

From very humble beginnings in a downtown Edmonton hotel in 1921, our university has grown in size and reputation to become a leader in Canadian higher education. For more than one hundred years, CUE has been a gathering place for students from around the world who are committed to making a difference both in their careers and in the community.

I know that you are preparing to embark on an exciting adventure. If you choose a path that leads to CUE, we will be here for you every step of the way. I invite you to explore the many programs, services, and opportunities our university has to offer.

Students are at the heart of everything we do at CUE. In addition to receiving exceptional education that will prepare you for a rewarding career, we offer an unparalleled student experience, and a tight-knit campus community.

Throughout your time with us, you'll find me around campus chatting with students, cheering alongside you at a Thunder event, attending student events and performances, and taking in the beauty of our campus. When you see me, feel free to come and say hello and introduce yourself.

I very much look forward to meeting you!

WHAT IS THE DIFFERENCE BETWEEN A THREE-YEAR AND A FOUR-YEAR DEGREE?

A three-year degree with a concentration is a recognized credential in Canada. While not aimed at providing students with direct access to graduate level studies, it will prepare you for after degree programs such as our Bachelor of Education and Bachelor of Environmental Health as well as entry-level jobs looking for a university education.

The four-year degree provides students with a comprehensive, flexible education that allows them to develop, understand, and communicate knowledge, to think critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate programs.

Major – The specific area of study you choose to focus on in your 4-year degree.

Minor – A secondary subject that complements your major or concentration.

Concentration – A specific area of emphasis within your 3-year degree.

CHINA

This exceptional four-year program allows students to complete the first year of their **Bachelor of Management degree** at CUE before heading to China for two years to study at the International Business School of Beijing Foreign Studies University (BFSU). After returning to Edmonton to finish the program, students receive two degrees: a Bachelor of Management from CUE and a Bachelor of Economics or Bachelor of Management from BFSU.

FRANCE

This unique three-year program allows students to begin a **Bachelor of Arts degree** in French at CUE, and then complete the final year at Université de Bretagne Sud in Lorient, France. Students earn two degrees upon completion: Bachelor of Arts in French and Licence Lettres Modernes (the French equivalent).

DEPARTMENT OF PUBLIC HEALTH

CONNECT HEALTH TO YOUR WORLD.

If this program seems unique, that's because it is. It is **one of only six programs in Canada** that can train you to be an **Environment Health (EH) Officer** or **Public Health Inspector**.

Environmental health is the practice of protecting public health by applying relevant provincial legislation and providing support to mitigate the physical, chemical, and biological risks found in natural and human-made environments. Environmental Health Officers work in diverse settings across the public, private, and not-for-profit sectors, including in educational institutions and research organizations, educational institutions and as consultants. Students in the program who choose to take a 12-week field placement practicum can take the Canadian Institute of Public Health Inspectors (CIPHI) certification exam to be able to practice as a **Public Health Inspector** in Canada.

THE CSA

The Concordia Students' Association (CSA) hears student needs and concerns, and advocates for student rights to the administration of Concordia as well as all levels of government.

The CSA also supports students and offers several services, including:

- Health and Dental Plan
- Food Bank
- Mental Health Initiative
- Supplemental Instruction
- Sexual Violence Support
- Awards and Scholarships
- Supplemental Instruction

Enrich your university experience by joining our activities clubs or one of our many student groups and unions.

The CSA also plans many events throughout the year such as the January Jam, pep rallies, Recovery Week, Science Week, Wellness Wednesdays, Thunderfest, CUCA Spooka, an annual ski trip, and so much more!
