

4-Year Bachelor of Science Environmental Science

Program Planner 2023-2024

While your degree planning is directed by the specific requirements for your chosen concentration and minor, it is also driven by your own personal interests; therefore, it is most effective when you are the master of your own academic planning.

Please be aware of all prerequisites, corequisites, and other registration regulations for all courses required within your degree. Program planning can be very effective to identify potential courses needed in addition to specific requirements. Refer to [section 4.0](#) in the *Concordia University of Edmonton Calendar* for more information regarding registration policies.

You are also responsible for registering in and completing the courses necessary to obtain your degree as per [section 10.0](#). The *Concordia University of Edmonton Calendar* is the final authority regarding program requirements and academic regulations.

Major Requirements

42-60 credits required, to include:

- a. BES 107 and 108
- b. ENSC204 and 208
- c. ENSC227
- d. ENSC318 or 319
- e. ENSC475 and 485
- f. 18-36 credits of unspecified senior-level Environmental Science courses, of which at least 12 credits must be at the 300- or 400-level

In addition to the above, students must complete:

- g. MAT 151
- h. 6 credits of unspecified CH courses
- i. 6 credits of courses offered by the Departments of Social Sciences or Psychology (CNST, ECO, HIS, INDG, POEC, PSCI, PSY, SOC)
- j. 3 credits of ENG courses
- k. 3 additional credits of courses offered by the Department of Literature and Languages, Religious Studies and Philosophy, or Fine Arts (ARAB, ARTH, CHIN, CLAS, CLIT, CREE, DAN, DRA, ENG, FR, GERM, GRK, HEBR, LAT, MUS, MUP, MUPB, MUPE, MUPH, MUPK, MUPP, MUPS, MUPV, MUPW, MUED264, PHIL, POPC, REL, SPA, WRI)
- l. AIT 100

Permissible minors:

All minors listed in [section 10.6](#), other than Environmental Science.

ECO 101, ECO 369, and MAT 103 are recommended.

Sample Program

Below is a sample sequence of courses for your degree. Keep in mind that this is only an example; you may find a different sequence works best for you. Also note that not all courses can be offered every semester. So, please check our [Course Timetables](#) for course availability.

Note: the 4-year Bachelor of Science degree requires a minimum of 66 credits in Faculty of Science. The science electives in the planner below are indicated for those who choose to complete a Faculty of Arts minor.

The normal full course load for undergraduate programs is 30 credits total for the Fall/Winter Session. However, it is not mandatory that a student take 15 credits per semester to be considered a full-time student. If you would like to take less courses each semester that is also acceptable - it will simply take you longer to graduate. Please be advised that you need to take 9 credits per Fall / Winter semester to be considered full time. We have highlighted (+) a few courses for your first year that we suggest you prioritize for registration, should you choose to take less than 15 credits per semester.

	Fall Semester	Winter Semester
Year 1	+AIT 100 +BES 107 +3 credit of CH ENG 101 or 111 or 120 +MAT 151 3 credits from ARAB, ARTH, CHIN, CLAS, CLIT, CREE, DAN, DRA, ENG, FR, GERM, GRK, HEBR, LAT, MUS, MUP, MUPB, MUPE, MUPH, MUPK, MUPP, MUPS, MUPV, MUPW, MUED264, PHIL, PHIL, POPC, REL, SPA or WRI	+BES 108 +3 credit of CH +Social Science or Psychology Minor Elective
Year 2	ENSC204 ENSC208 ENSC227 Minor Elective	300- or 400-level ENSC (Requirement f) Senior ENSC (Requirement f) Senior ENSC (Requirement f) Social Science or Psychology Minor
Summer	ENSC318 or ENSC319: Field Course•	
Year 3	ENSC475 300- or 400-level ENSC (Requirement f) Minor Science Elective Elective	ENSC485 300-or 400-level ENSC (Requirement f) Minor Science Elective Elective
Year 4	300-or 400-level ENSC (Requirement f) Science Elective Science Elective Elective Elective	Minor Science Elective Science Elective Elective

- ENSC318 –this course is designed to be taken during the summer following either the second or third year of studies.
- ENSC319 –this course is designed to be taken during the summer or Christmas break following the second or third year of studies. Field exercises are conducted at an area outside of Alberta, with the destination to be decided each year.
