# THE TRANSFORMATION OF SOLITARY CONFINEMENT IN CANADA

IN NOVEMBER 2019, FEDERAL PRISONS IN CANADA ADOPTED A NEW CORRECTIONAL MODEL OF INCARCERATION REFERRED TO AS “STRUCTURE INTERVENTION UNIT” (SIUS, IN THE PLURAL FORM) TO COMPLY WITH BILL C-83, WHICH ABOLISHED SOLITARY CONFINEMENT. THIS PRESENTATION WILL DISCUSS THE IMPLICATIONS OF SIUS TO PRISON STAFF, PRISONERS, AND PRISON DYNAMICS.
