

Whether you want to study arts, science, or management, no two CUE degrees are the same—because no two students are the same.

CUE appreciates the uniqueness of the home school environment and provides the following admission routes as a guideline for your benefit. We also understand that your situation may be different so please do not hesitate to contact us regarding your admission circumstances.

But don't take our word for it. Come and visit our small, tight-knit student community for yourself - be a student for a day, book a campus tour, or give us a call. Discover Edmonton's University.

## ADMISSIONS

**Home-schooled and home-educated applicants are offered the following admission routes:**

1. Admission to an Arts, Management\*, Management & Science in Chemistry Dual Degrees\*, or Science\* degree program by presenting a Home-School Portfolio with the application for admission, which should contain, but is not limited to, the following elements:

- Evidence of prior learning from Grades 10 through 12;
- Statements of results from Grades 10 through 12;
- Comprehensive subject-by-subject book list from Grades 10 through 12;
- Minimum three grade 12 writing samples (from literature works studied);
- One of the following: A brief essay (1000-2500 words) describing the value of your home-schooling experience or an entrance video production with supporting written storyboard.

An interview may also be requested.

We encourage you to provide a confidential letter of recommendation from an impartial source, such as a home education coordinator, indicating your academic readiness for a university-level program and method of home schooling followed.

2. Demonstrating the required admission average in the five 30 level courses for required subjects in your program of choice.\* Specific university-level equivalents may be used to substitute for high school course deficiencies.

3. Completing a minimum of one year of full-time study in a diploma program at a recognized college, technical institute, or bible college in addition to their home-schooling program with a satisfactory academic standing.

\* Documentation is required to determine grade 12 course prerequisites needed for admission. For each subject area, course syllabi, textbook list, and three to five academic work samples such as science laboratory reports or results from standardized aptitude tests such as SAT or ACT are required.

**Management degree program prerequisite:** Mathematics

**Science degree or Dual Degrees program prerequisites:** Mathematics and two subjects from either Biology, Chemistry or Physics.

## ENTRANCE SCHOLARSHIPS

Applicants who present the appropriate Grade 12 requirements for admission (section 3.2.1, High School Student Admission), present an award average of 75% or higher, and submit an application for admission by April 1st are eligible for entrance award consideration.

CUE will also consider applicants who present the appropriate ACT or SAT score. Students who present an appropriate ACT or SAT score will be considered for a \$1,000 renewable University Entrance scholarship.

To become eligible applicants must:

1. Apply for admission by April 1st.
2. Be entering their first year of post-secondary study.
3. Present a minimum ACT score of 28; or present a minimum SAT score of 1900 (no score lower than 600).
4. Enroll in a degree program in Arts, Management or Science.
5. Register in a minimum of 80% of a full-course load (12 credits) in each semester.  
Recipients whose registration drops below the required 80% minimum will immediately forfeit their scholarship.
