

# Concordia University of Edmonton 2025-2026 VIEWBOOK

**A place for you at CUE.**

Concordia University of Edmonton is located on Indigenous lands and territories now called Treaty No. 6 territory and the homeland of the Métis Nation (District 9). The North Saskatchewan River has been a significant place for the niitsitapi (Blackfoot), denesų́liné (Dene), nakoda isga (Nakoda Sioux), nehiyawak (Cree), nahkawiniwak (Saulteaux), and otipemisiwak (Métis) since time immemorial. We honour and respect the agreements made by our ancestors to live in good relations for as long as the sun shines, the grass grows, and the river flows.

Concordia  
University of  
Edmonton was  
**born to be**

**Different.**

**Welcome to CUE!**

Here at CUE, we pride ourselves on offering an education that has high-impact opportunities, tailored pathways, and meaningful, one-on-one relationships. Here at CUE, everyone sees you as a person first and a student second. Within our small but mighty campus, we ensure every student is recognized, supported, and celebrated through mentorship, tailored educational guidance, and a rich and welcoming campus community. Our campus fosters strong relationships, acceptance, and belonging. Here, connections endure long past your days as a student.

As you embark on your post-secondary adventure, know that we are here to help and support you every step of the way. We look forward to seeing YOU at CUE!

Classical Languages and Civilizations	Physical Education and Sport Studies
Drama	Physics
Early Childhood Education	Political Science
Economics	Psychology
Education	Religious Studies
English	Sociology
Environmental Science	Sustainable Earth Resources and Geoscience (NEW)
French	
History	

# University Learning Outside the Box

At Concordia University of Edmonton (CUE), there are many pathways open to you to discover your passion and your purpose. We offer a wide range of faculties and programs, providing you with the flexibility to explore courses and choose a minor outside of your registered faculty. Have an interest in math and music? Psychology and Information Technology?

**CUE has a program for you!**

## 3-year and 4-year degrees

**CUE offers three-year and four-year degrees** within the Faculty of Science and the Faculty of Arts. A three-year degree provides you with employment opportunities or preparation for after-degree programs such as our Bachelor of Education or Bachelor of Environmental Health. The four-year degree provides you with a comprehensive, flexible education to help you develop, understand, and communicate knowledge. A four-year degree is required for most graduate programs.

## Make your time count

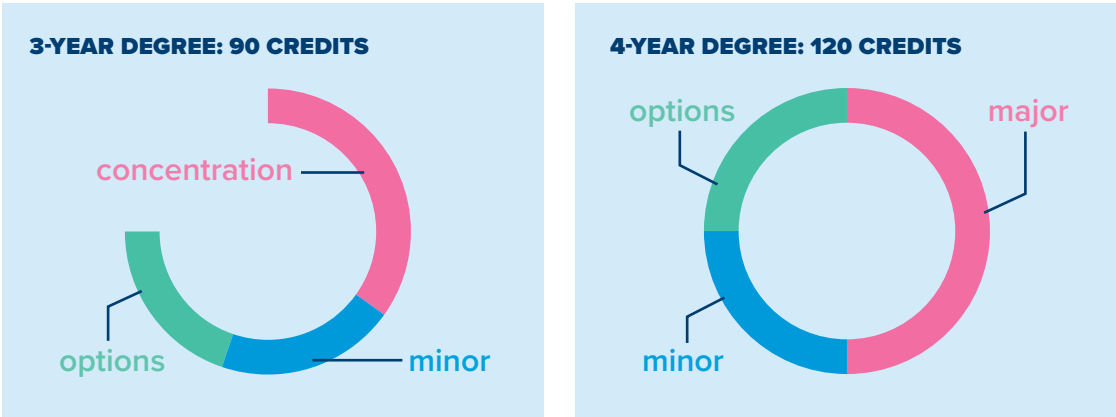

At CUE, you can accelerate your education in unique ways. With a three year degree in Science or Arts and the after-degree in Education or Environmental Health, you could walk away with two degrees in just five years.

# What is the difference between a 3-year and a 4-year degree?

**A three-year degree** with a concentration is a recognized credential in Canada aimed at preparing you for after-degree programs such as our Bachelor of Education and Bachelor of Environmental Health, as well as entry-level jobs that require a university education.

**The four-year degree** provides students with a comprehensive, flexible education that allows them to develop, understand and communicate knowledge, to think critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate programs.

## Where Curiosity and Discovery are Fostered and Encouraged

CUE's research ecosystem supports researchers, scholars, and artists to advance their respective fields. Through our BMO-Centre for Applied Research and Innovation (BMO-CIAR), we partner with industry and community organizations to support applied research to find practical solutions to existing problems.

The McNeil Centre for Applied Renewable Energy (McNeil C.A.R.E.) at CUE brings together a community of experts and enthusiasts interested in balanced energy systems, with a focus on new energy applications.

CUE offers both undergraduate and graduate students the opportunity to immerse themselves in research opportunities and real-life experiences, with one-on-one mentoring by their professor. From fine arts to the natural sciences, we have it all.

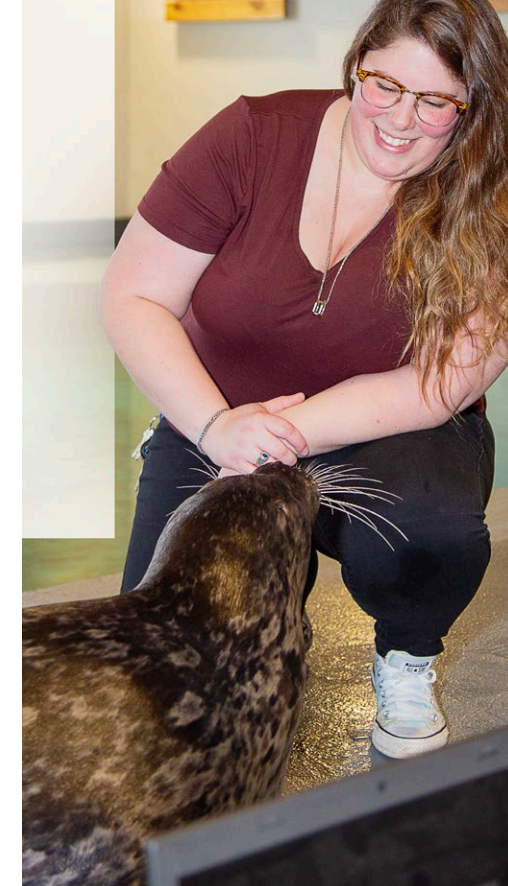

Our students gain the hands-on skills they need to be successful through their future studies and careers.

[CONCORDIA.AB.CA/RESEARCH](https://CONCORDIA.AB.CA/RESEARCH)

## Real-World Learning

At CUE, we offer opportunities to apply your learning in real-world scenarios. Through our partnerships with business and industry, many of our programs offer work-integrated learning opportunities. Many CUE students go on to accept full-time positions after their placement is complete.

**Showcase your research at CARIC (left).** Each year, students have the opportunity to showcase their research at the CUE Annual Research and Innovation Conference (CARIC) and network with students, faculty, alumni, and industry professionals.

## Talk to the Animals

At CUE, undergraduate students have opportunities to work side-by-side with CUE's academic researchers. Most post-secondary institutions reserve research only for graduate students, but at CUE, you could work with researchers like Dr. Jenna Congdon who studies ostriches and seals to understand how their brains work.

Here at CUE,

we offer degrees, programs, majors and minors that match your interests and passions. You have the ability to choose classes that are outside of your faculty. You can learn Greek mythology on Monday before heading to the chemistry lab on Tuesday.

**Whether you go big or small, arts or science, global or local, there is no one-size-fits-all learning path for CUE students!**

## Sciences

With a **Bachelor of Science (BSc)** degree from CUE, you will develop discipline-specific skills and knowledge, as well as transferable skills like teamwork, patience, and communication that are valuable no matter your career path.

With your BSc, you could choose a career in areas like IT, health care, biotechnology, pharmaceuticals, food production, environmental protection, energy, or manufacturing.

**Biology**

**Chemistry**

**Environmental Science**

**Information Technology**

**Mathematics**

## Management

Every business and industry needs strong independent thinkers with managerial decision-making abilities. With a Management Degree from CUE, you'll have the skills to adapt and thrive in virtually any sector—from non-profits and start-ups, to government and Fortune 500 companies.

Many CUE business graduates pursue careers in the banking and financial sectors, consultancy, human resources, and marketing, while others have followed their entrepreneurial spirit and launched their own venture.

**Educating Hearts and Minds**

**BACHELOR OF ENVIRONMENTAL  
HEALTH (AFTER DEGREE) 15-MONTH**  
Admission Requirements

A three-year or four-year baccalaureate degree from a recognized university or college.

An Admission Grade Point Average (AGPA) of at least 2.3 (on CUE's 4-point scale) or equivalent on the most recently attempted 30 credits.

**Successful completion of:**

3 credits in Chemistry

3 credits in Statistics

A statement of career objectives

Demonstrated fulfillment of CUE's English Language Requirement

**It is recommended that applicants present:**

3 credits in Microbiology

3 credits in Human Anatomy or 3 credits in Human or Mammalian Physiology or Human Anatomy\*

*\*For graduation, students must present these credits*

**Notes:** To register in ENVH 561 (Field Experience in Public Health Inspection), students will need to submit an immunization record and a security clearance.

**AFTER DEGREE**

# Public Health

## Connect Health to Your World

If this program seems unique, that's because it is! It is one of only six programs in Canada—and the only public health program in Alberta—that can train you to be an Environmental Health Officer or Public Health Inspector.\* Learn to improve the health of the community at large through advocacy, educational programming, research, application of legislation, and community outreach. Open doors to potential careers in governmental health agencies, not-for-profit, private industry, and educational institutions.

*\*To practice as a Public Health Inspector in Canada, you must complete the 12-week field placement practicum and take the Canadian Institute of Public Health (CIPHl) certification exam.*

[CONCORDIA.AB.CA/PUBLIC-HEALTH](https://CONCORDIA.AB.CA/PUBLIC-HEALTH)

# kihêwak kâpimihâcik

**INDIGENOUS STUDENT CENTRE**

## Honouring Indigenous Ways of Knowing, Being, and Learning

Recognized as a sacred space where Indigenous students can gather, kihêwak kâpimihâcik provides opportunities to build community, learn about and participate in cultural practices and ceremonies, and obtain personal and academic support. kihêwak kâpimihâcik staff, Elders, and Knowledge Keepers provide the diverse supports and services.

[CONCORDIA.AB.CA/INDIGENOUS](https://CONCORDIA.AB.CA/INDIGENOUS) @ KIHAWAK\_KAPIMIHACIK

“When I arrived at CUE, I asked if they had a place for Indigenous students. I was looking for that connection. **It's like home.**”

**APRIL, BA, PSYCHOLOGY,  
GRADUATE 2024**

- Advocacy and Advising
- Referral Services
- Volunteer Opportunities
- Access to Scholarship and Bursary Support
- Cultural Supports
- Student-Centered Gatherings and Programming
- Beading & Sewing
- Soup & Bannock

## International Opportunities

### Earn an International Degree

CUE's unique four-year Management International dual degree offers the opportunity to study at CUE for two years of your degree and two years of study at the International Business School of Beijing Foreign Studies University (BFSU) in China. You'll graduate with a Bachelor of Management Degree from CUE and a Bachelor of Management or Economics degree from BFSU, China.

## Office of Extension and Culture

Offering a variety of personal and professional development courses and rich extracurricular opportunities, the Office of Extension and Culture (OEC) connects students with the world through continuing education and cultural engagement. The OEC at CUE is also an official Testing Centre for a number of language proficiency tests, including IELTS, CELPIP, CAEL, Goethe-Institut Exams, and HSK Chinese Proficiency Tests.

[CONCORDIA.AB.CA/OEC](https://CONCORDIA.AB.CA/OEC)

## The International Office

### Are You Interested in Going Abroad?

The International Office offers incredible Study Abroad and Intern Abroad opportunities in addition to short-term group travel over the summer months. With more than 92 partners across 34 countries, there are so many options for you to explore! Funding is available to make this dream a reality, including travel bursaries provided by CUE.

[CONCORDIA.AB.CA/STUDY-ABROAD](https://CONCORDIA.AB.CA/STUDY-ABROAD)

## International Engagement Certificate Program

### Enhance Your Degree with a Specialized Certificate

The International Engagement Certificate (IEC) program will guide your development of intercultural skills, knowledge, and attitudes that encourage a commitment to lifelong learning and will strengthen your ability to support and understand the values of a diverse world. The program includes academic learning activities, study abroad or intercultural volunteering, and the completion of the Intercultural Engagement Reflection course. This comprehensive experience will equip you with a unique and valuable perspective, making you more adaptable and effective in our increasingly globalized society.

[CONCORDIA.AB.CA/STUDY-ABROAD-IECP](https://CONCORDIA.AB.CA/STUDY-ABROAD-IECP)

### Are you an international student interested in attending CUE?

Connect with our International Office to access resources and support in discovering opportunities and obtaining student visas and permits to begin your journey at CUE.

[CONCORDIA.AB.CA/INTERNATIONAL-STUDENTS](https://CONCORDIA.AB.CA/INTERNATIONAL-STUDENTS)

# Campus Life

## Small Campus, Big Heart

Community has always been a vital part of our identity. Unlike many other institutions, we don't have separate buildings for science or business, satellite campuses, or the need for bus routes to get to your next class. Everything is conveniently located right here on the banks of the North Saskatchewan River.

Your visit to campus is the perfect opportunity to experience what makes us special. You can speak with students and faculty and learn about CUE's exceptional academics and support services. While university life can be both exciting and stressful, we offer support at every step. Student Life & Learning provides a wide variety of services to help you achieve your goals and balance your experience.

### LEARNING SERVICES

- Tutoring Services and Supplemental Instruction
- Writing Centre
- Academic Strategies

### CAREER SERVICES

- Educational and Career Planning
- Cover Letter and Resume Reviews
- Job Search Strategies
- Interview Preparation
- Networking Opportunities, Career and Volunteer Fairs

[CONCORDIA.AB.CA/CAREER-SERVICES](https://CONCORDIA.AB.CA/CAREER-SERVICES)

### VIDEO FEATURE

Meet Carmen Arth PhD, Vice President, Campus Life. She's here—along with the Student Success Centre—to help you achieve your best

[CONCORDIA.AB.CA/STUDENT-SERVICES](https://CONCORDIA.AB.CA/STUDENT-SERVICES)

### STUDENT ACCESSIBILITY SERVICES

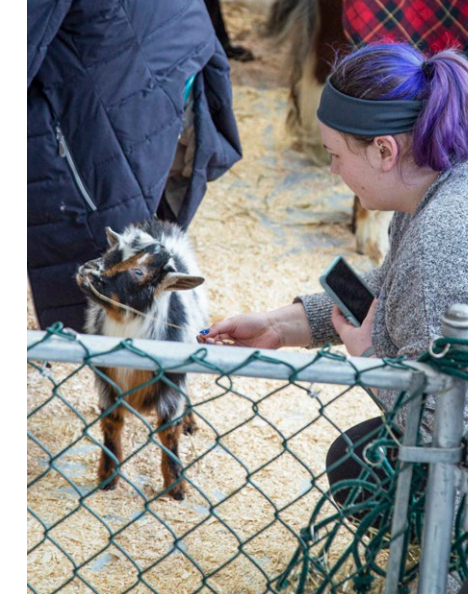

Support is provided to ensure that students with disabilities have equal access to post-secondary education.

[CONCORDIA.AB.CA/SAS](https://CONCORDIA.AB.CA/SAS)

### CUE WELLNESS AND PEER WELLNESS & SUPPORT

CUE Wellness offers a variety of opportunities for students to learn and educate others about mental health and well-being.

 [CUEWELLNESS](https://www.instagram.com/CUEWELLNESS)

## The CSA

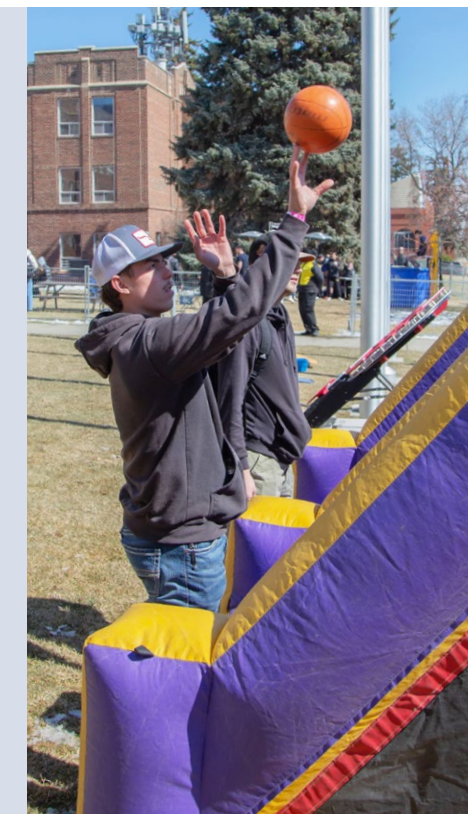

The Concordia Students' Association (CSA) hears student needs and concerns, and advocates for student rights to the administration of CUE as well as all levels of government. In addition, the CSA provides several support services, including:

- Health and Dental Plans
- The CSA Mental Health Initiative
- Supplemental Instruction
- Sexual Violence Support
- Awards and Scholarships
- Many events and activities!

Enrich your university experience and build connections by taking part in CSA events throughout the year or by joining one of the CSA's many student groups and unions.

 [OURCSA](https://www.instagram.com/OURCSA)

# Student Housing

## Create Your Community Here

Experiencing residence life means being steps away from exactly what you need to succeed at CUE, whether that's the campus cafeteria, student services, or your new best friends. There's never a shortage of places to hang out with fully furnished rooms, common areas, study spaces, and more. Plus, the convenience of communal kitchens and full laundry facilities means you will always have time to study. Our staff include trained peer leaders and campus security who are available 24/7 to make sure you are safe and well supported. We can't wait to meet you!

[CONCORDIA.AB.CA/HOUSING](https://CONCORDIA.AB.CA/HOUSING)

### DID YOU KNOW...

Students living on-campus typically achieve higher GPAs and higher rates of graduation.

### ACADEMICA, 2017

READY TO EXPERIENCE RESIDENCE LIFE?

### BECOME ACTIVE FOR LIFE.

With CUE's amenities and unique location overlooking the North Saskatchewan River Valley, Campus Recreation offers a variety of opportunities throughout the year for you to get active. From intramurals to weekly yoga to access to the Fitness Centre, CUE helps you prioritize your wellness.

# 15 Things To Try as a CUE Student

There are so many ways to explore CUE!

Get elected to represent your peers on student council.

Celebrate with friends new and old at Thunder Fest.

Explore your career options during Career Week.

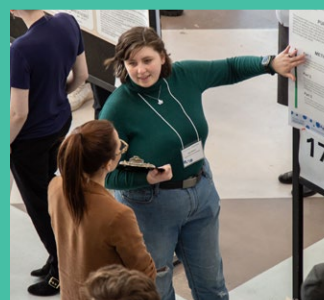

Chat over coffee with CUE President Tim Loreman.

Show your school spirit in a CUE sweatshirt.

Submit an abstract for the CUE Annual Research & Innovation Conference (CARIC).

Rep CUE by signing up to be Student Ambassador.

Visit Magrath Campus when it's dressed up for the seasons.

Celebrate world holidays in the Robert Tegler Student Centre.

Join one of over 20 student clubs (or start your own).

Go to a lunchtime seminar that isn't part of your program.

Tap into the awesome support services available in the Student Success Centre!

Attend a Theatre at CUE production or CUE Concert Choir performance.

Cheer on the Concordia Thunder at all their home games.

Learn to bead in the Indigenous student centre: kihêwak kâpimihâcîk.

# What Will it Cost?

Estimated expenses for domestic undergraduate students are based on an 8-month study period (fall & winter) with 5 courses in each semester. Additional fees may apply based on the specific courses you register for, such as science labs and private music lessons.

Check out the breakdown of these costs online:

<b>TUITION &amp; FEES</b>	<b>\$11,116*</b>
<b>BOOKS &amp; SUPPLIES</b>	<b>\$1,000 - \$1,600</b>
<b>ON-CAMPUS LIVING</b>	<b>\$9,110 - \$11,310<sup>†</sup></b>
<b>OFF-CAMPUS LIVING</b>	<b>\$12,760°</b>
<b>LIVING AT HOME</b>	<b>\$5,336°</b>

\* Cost for domestic undergraduate Arts, Science, Mgmt programs—no after degrees—and does not include CSA health and dental/legal/virtual care.

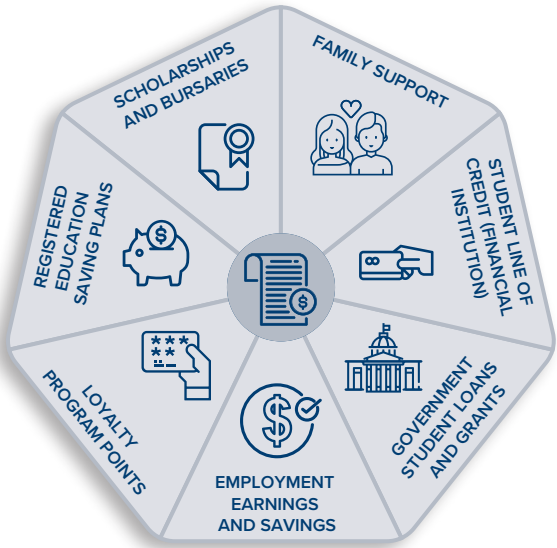

<sup>†</sup> CUE’s residency fees for double occupancy to single occupancy.

° Based on the Canada Student Loan living allowances for single students who do and do not pay rent.

Check out the breakdown of these costs online at [CONCORDIA.AB.CA/TUITION-FEES](https://CONCORDIA.AB.CA/TUITION-FEES)

## “How will I pay for my university education?”

By attending university, you’re investing in your future. And we know this comes with a price tag. There are numerous financial resources to make your university education dreams come true.

Computing Science, Advanced

Physics 30

Science 30

\*Only one of Mathematics 30-1 or Mathematics 30-2 may be used for admission. Students presenting Mathematics 30-2 for admission will be required to successfully complete CUE's Mathematics 110 if they plan to pursue first-year university calculus.

Additional Science courses may be considered, for more information please contact the Office of Admissions.

### GROUP D (OTHER)

Excludes Special Projects 30.

Excludes all Registered Apprenticeship Programs.

All applicable Grade 12 Group D subjects must be at the "30" level.

Only Advanced Level Career and Technology (CTS) courses will be considered.

Any credit combination of applicable Grade 12 Group D

subjects will be used to make up the required 5 credits.

Additional courses may be considered. For more information, contact the Office of Admissions.

Grade 12 courses listed are based on the Alberta Education curriculum and nomenclature. For out of province equivalencies, refer to our Academic Calendar.

# How To Apply:

## Your Big Future Starts Here

### STEP 1: EXPLORE

There are so many options to find out what makes CUE's campus, programs, student life, and more so special. Attend our Open House or Info Night, take a tour of campus, and become a Student for a Day. You'll love what you discover!

[CONCORDIA.AB.CA/FUTURE-STUDENTS](https://CONCORDIA.AB.CA/FUTURE-STUDENTS)

### STEP 2: CHOOSE

Select your program at [CONCORDIA.AB.CA/PROGRAMS](https://CONCORDIA.AB.CA/PROGRAMS)

Check program admission requirements and application deadlines at [CONCORDIA.AB.CA/ADMISSION](https://CONCORDIA.AB.CA/ADMISSION)

Still have questions? Ask away, anytime, anywhere, at [CONCORDIA.AB.CA/QUESTIONS](https://CONCORDIA.AB.CA/QUESTIONS)

### STEP 3: APPLY

Apply for admission at [CONCORDIA.AB.CA/APPLY](https://CONCORDIA.AB.CA/APPLY)

To be considered for the University Entrance Scholarship, submit your applications before April 1 for Fall admission and August 1 for Winter Admissions. Over half a million dollars was awarded to students in 2023-24 and we believe you deserve a reward too! Check out [CONCORDIA.AB.CA/SCHOLARSHIPS](https://CONCORDIA.AB.CA/SCHOLARSHIPS)

### STEP 4: SEND

Send in your transcripts and any other required documents. If you completed your high school courses in Alberta, we'll get your transcripts as part of the application process through ApplyAlberta. If you completed your education outside of Alberta or Canada, you'll need to request that transcripts be sent.

### STEP 5: CONNECT

Stay connected to CUE's Admission Advisors and respond if they contact you by email or phone with further questions or instructions.

### STEP 6: CONFIRM

If you receive an offer of admission, accept your offer by paying your registration deposit.

### STEP 7: REGISTER

Once you confirm your offer, you can register for classes! Learn how and when to register in courses, including tips for class registration and how-to videos, at [CONCORDIA.AB.CA/REGISTRATION](https://CONCORDIA.AB.CA/REGISTRATION)

## Applicants Should Keep in Mind

Your chosen program may contain courses that have specific Grade 12 prerequisites that must be met in addition to the subjects used for admission. In order to maximize future program and course choices, applicants are encouraged to present a broad range of subjects across Groups A, B and C. Check the Academic Calendar for full admission details.

## Jump Start

Students interested in applying early may do so from January 1 to June 15 of their Grade 11 year. Arts and Science applicants must show an overall average of 65% in their Grade 11 courses, and Management and Dual Degrees applicants must show an overall average of 72%. Final admission is dependent on students completing their relevant Grade 12 courses and achieving minimum entrance averages for the program they have applied.

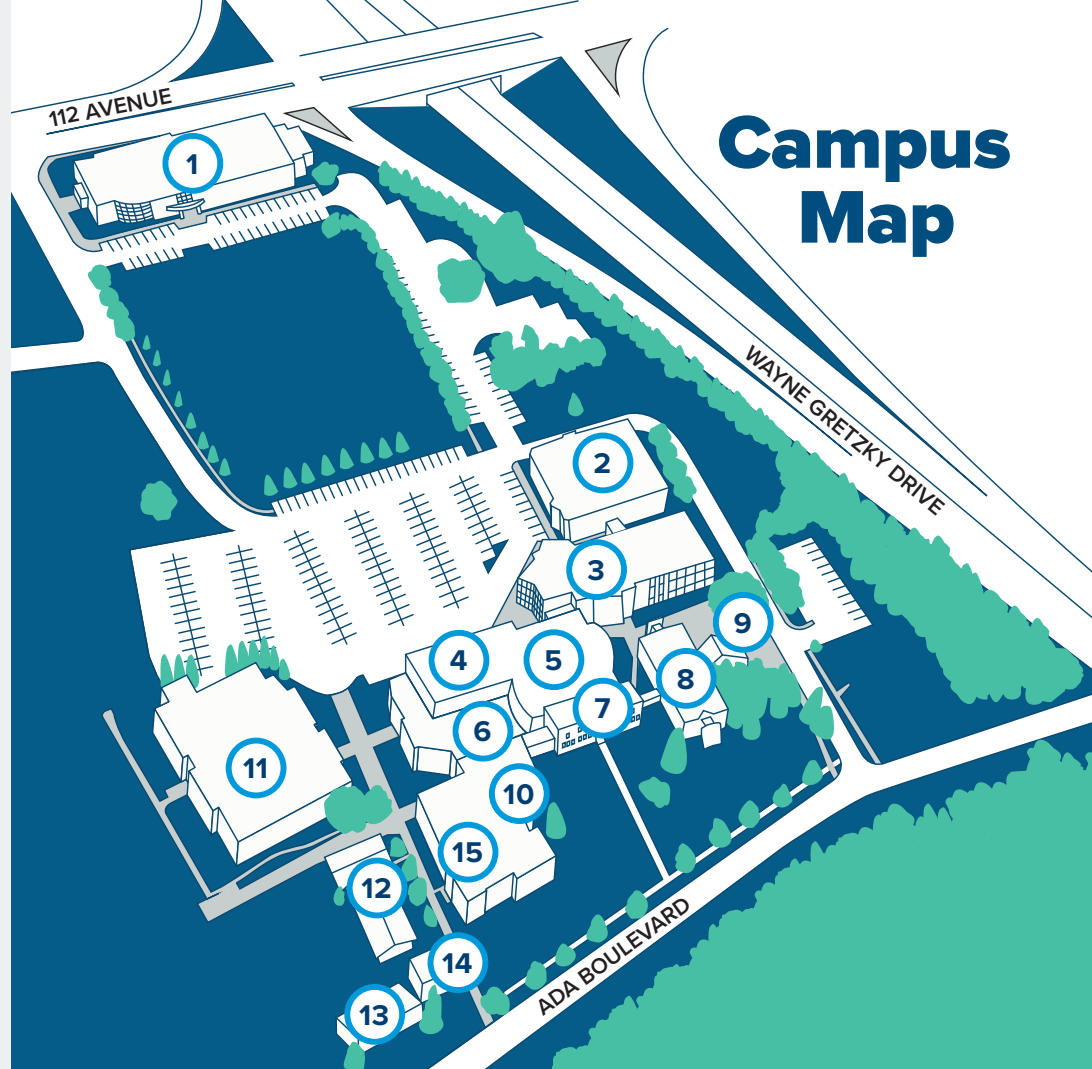

## Acceptance of AP/IB Courses

We recognize students who complete their Advanced Placement (AP) and International Baccalaureate (IB) courses and exams. Students who receive a grade of 4 or 5 on the AP exams and 5 or higher on IB exams may be assessed for transfer credits towards courses at CUE. Refer to the current online Academic Calendar for a full listing of eligible AP and IB courses.
